

## LOBA® ParkettSoap

### Product description

Maintenance care and cleaning product basing on soap. Also available white pigmented for treating white tinted floorings.

### Range of Use

To primary- and maintenance-care impregnated wood- and cork-floorings.

### Features

- Maintenance cleaner, maintenance care and intensive cleaner in one
- Cleaning efficiency
- Solvent free
- Also available in white

### Technical Data

<b>Article No.</b>	10048	<b>Application Rate</b>	Approx. 50 - 100 ml per bucket per 100 m <sup>2</sup>
<b>Variante</b>	Transparent 5 l, 1 l Weiß 1 l	<b>Application Tool</b>	Mop
<b>Package Size</b>	5 l, 1 l	<b>Thinner</b>	Water
<b>Packing</b>	Box: 4 x 5 l Pallet: 128 x 5 l Box: 12 x 1 l Pallet: 480 x 1 l	<b>Contents</b>	Less than 5% soap, less than 5% anionic surfactants, less than 5% nonionic surfactants. Further ingredients: BENZISOTHIAZOLINONE, METHYLISOTHIAZOLINONE
<b>Storage and Transportation</b>	+5°C to + 25°C (41°F to 77°F), storable for 36 months, no hazardous material according to ADR	<b>pH-Wert</b>	7,5
<b>GISCODE</b>	GU 40		

### Preparation:

Remove loose dirt and dust in advance with a vacuum cleaner, brush or mop.

### Maintenance Cleaning:

Mix approx. 50-100 ml ParkettSoap with 10l of water. Damp mop floor with a mop suitable for the surface. The use of too much water in combination with long exposure times might lead to swellings of cork and hardwood floors.

**Tip:** When using ParkettSoap frequently for maintenance cleaning it will form a soap layer. By polishing up it will form a resistant care layer.

### Intensiv Cleaning:

Mix ParkettSoap in a ratio of 1:2 with water and wet the surface by using a spray can or mop. Immediately afterwards work the surface with a single disc machine and a LOBA Special-Pad green. Vacuum off dissolved dirt by using a wet/dry vacuum cleaner, a mop or cloths. On larger areas work in sections. In order to reduce wood swellings only use as much water as required. Limit exposure time of the cleaning solution to a minimum.

**Tip:** ParkettSoap can also be used for intensive cleanings of wooden decks and garden furniture. Therefore please regard description of the technical information of the product LOBASOL® Deck & Teak Oil.
